* Dance Stars reserves the right to merge categories both by age and dance style.

** As of season 2023-2024, no predominant street dance/hip hop choreography may be danced at Dance Stars. The competition management reserves the right to determine whether choreography will be allowed to compete.

LEVELS

Beginner: This category is for the true beginner.

Novice: This category is for the better beginner.

Intermediate: This category is for the skilled dancer.

Advanced: This category is for the advanced dancer.

Merges

With few or many entries, divisions may be merged or broken up by style, level or age.

AGE RULE

The age used to calculate for Solo, Duo and Team is August 31, 2024.

For Example:

If you turn 13 on August 31, 2024, then your age to count with during all competitions in the 2023/2024 season (so you dance solo U15).

However, if you do not turn 13 until September 1, 2024, then you may dance solo U13.

Dance Stars reserves the right to verify participant enrollment by age and category through ID verification.

TEAM

All team compositions in terms of age are possible. The age group in which the team will dance is determined according to the following rules.

1. Age determination according to the age rule (see previous page).
2. The oldest dancers determine the age category. This with the 25% rule.

Below are 2 examples to clarify this rule.

Example 1

Suppose you have a team of 10 dancers:

12y,13y,15y,17y,18y,19y,20y,13y,14y,11y. To determine which category they should dance in, you look at the oldest dancers (18y,19y,20y) -> more than 25% of the dancers are older than 18y so this team dances in O18.

Example 2

Suppose you have a team of 10 dancers:

14y,15y,16y,18y,19y,14y,15y,16y,17y,15y.

To determine in which category they should dance, you look at the oldest dancers (18y,19y) -> less than 25% of the dancers are older than 18y so this team should dance in U18

You must have a **minimum of 4** dancers to form a team.

For teams, each dancer may only dance on 1 team per dance style.

DUO/TRIO

The oldest dancer determines the age category.

For duo/trio, you may only dance in 1 regular duo/trio and showcase duo/trio per dance style.

SOLO

According to the age rule.

In solo, a dance instructor may not enroll in Beginners or Novice level.

For solos, you may only dance in 1 regular solo and 1 showcase solo per dance style.

**** PLEASE NOTE: A dancer may dance a maximum of 2 showcases. This means:**

- Either: 1 solo showcase and 1 duo showcase. This may be in the same style but does not have to be.
- Or: 2 solo showcase. This may NOT be in the same style.

- Or: 2 duo showcase. This may NOT be in the same style.

8. Jury & Scoring

At our regional/qualifying competitions we have a minimum of 3 judges. We have 1 head judge. Our head judge is a juror, who makes sure that everything runs smoothly.

SOLO /DUO/TRIO & TEAMS

The judges will judge the dancers on:

- ➔ Choreography 10p
- ➔ Technique 10p
- ➔ Presentation 10p

Our judges will give points for each part:

SCORING	Max Points
1. TECHNIQUE - Execution - Quality Here we assess the dance techniques you have chosen in your performance. You will be judged on the quality of your performance, portrayal and execution of the style techniques. Age group and division are also taken into account.	10
2. PRESENTATION	10

<ul style="list-style-type: none"> - Confidence - Focus - Energy - Projection <p>This is where we judge the level of your performance when you hit the floor. The confidence and focus during the performance. The projection of movements to the audience and whether the energy is palpable offstage. Even the commitment to characters if there is more of a narrative element to the performance. In short, the way a dancer brings his performance to life when he enters the stage.</p>	
<p>3. CHOREOGRAPHY</p> <ul style="list-style-type: none"> <li style="width: 50%;">- Choreographic identity <li style="width: 50%;">- Musicality <li style="width: 50%;">- Transitions <li style="width: 50%;">- Formations <li style="width: 50%;">- Use of the stage <li style="width: 50%;">- Positioning <li style="width: 50%;">- Synchronicity of the dance team <li style="width: 50%;">- Music choice <li style="width: 50%;">- Dynamics and movement quality <li style="width: 50%;">- Use of levels <li style="width: 50%;">- Originality <li style="width: 50%;">- Concepts/themes <p>With this criterion, we want to emphasise not only the quality of the performances, but also your creativity. Whether that is with themes and concepts for your performances or originality in your movements or even in your song choice. Another aspect of choreography we look at is musicality. Bringing the music to life in interesting ways will enrich your performance through your use of musical accents, rhythm and tempo. We also pay attention to the use of stage space while performing. The accuracy and alignment of your formations. The smoothness and flow of the dancers' transitions on and around the stage. The positioning of individual dancers to make the formations look as they should. Even the use of the entire stage. A mix of these things can really enhance a performance. Finally, the choreography you decide to perform, which does not necessarily include technique, can earn points based on the crew skills shown - synchronicity of the dancers in timing and shapes, use of different heights and levels, the quality of movement shown and the use of different dynamics in your performance. We also encourage you to explore your choreographic identity - what movements, skills, ideas give your crew its own identity? We want you to stand out by being yourself, not by trying to be like everyone else.</p>	<p>10</p>

Then the computer will calculate the score using the skater system.

- ➔ In addition, approximately 30% of a category will be promoted to a higher category based on the total results achieved that season.

If one dances a first contest at Dance Stars, it will first be discussed with the competition management in which division one dances. Should it appear after the first competition that this does not quite fit to the level, then the competition management will decide in which division you must dance from now on.
